To his honorable Judge James Farnan

As To my other Letter To day
 I ask The court for an —

In Junction and Summary

Relief "imminat danger"

For The past 3+ weeks I've
 Seen Retaliation from guards
 officer Thomas officer Ballanger
 officer nute and two others

The retaliation stems from this
 suite and write ups on Thomas
 and nute. Today I was Shook
 Down only me noone else Trashed
 my Legal work Empted 4 envelopes
 & scattered every where This work
 is US District Court work as
 well as Sentence Reduction in
 Addressed envelopes. They may
 have been Looking for The
 Hot dog roles That off nute squashed
 at Lunch This is Retaliation
 because I showed The 4

DCC as I said is crupt To
 "The point of organized Crime" or
 "racketttering" alot of This also
 stems from The Statment of Officer
 Thomas on The Tiar quote "If you
 weren't a Child Molester you'd sign
 off : At The hearing "Thomas" Lafted
 as ked if I wanted To Sign off

That Statment was hurd by Mr Sims
 The counsler nothing was done This
 is no different Than saying I a snitch
 or worse. That was To ~~be~~ put my Life
 in danger agenst The 8th not To
 say any Thing about The Rest. When
 no Action is Taken from higher up
 officals Then it is indifferend and
 As To my Treatment as well as others
 it is malicious an sadistic I feel
 That an attack from Them is
 "imminant" yet no one will Take
 action I have witness of This
 not only in hear now but others
 back To OCT 16 04, The 8th Amend
 requires That This Abuse and Sadistic
 behaviour dosen't Take Place

I am not a violent or disruptive
 That why Im in P.C.

I ask The Honorable Court To Force an injunction To Stop This Retaliation and abuse and The "imminent attack" I feel is coming as well as The "mental Harm" it is doing To me and others I ask The injunction Forces officer Thomas officer Note? officer Doe officer Ballanger. To be investigated as well as LMMerson grievance CP Responde and Welcom for inaction ~~This~~ This is a serious issue. "my Life is in danger"

I also ask That a surprise inspection of PC Tiear By The court or Federal Agents of The court To be carried out without notice To The Prison and question inmates and Look at Conditions (with a notice They will move People and alter conditions)

There are guards That will Testify on my behalf and See The abuse

I Respectfully Ask That This inspection is done as soon as possible as well as an injunction To Stop The Retaliation and restore Religious Services and Privileges
